Children's Health Defense (CHD) last week sent a letter and report to the U.S. House Judiciary Select Subcommittee on the Weaponization of the Federal Government, highlighting the "unprecedented challenges" the organization has faced as a "threat network of unwarranted censorship and the profound impact it continues to have on our ability to address critical health and safety issues affecting the Nation."

The CHD letter, addressed to Chairman Jim Jordan (R-Ohio) from CHD President Mary Holland and Vice President Laura Bono, and report were written for the record of the July 20 subcommittee hearing on censorship during which Robert F. Kennedy Jr., CHD's chairman on leave, testified and in which CHD was mentioned multiple times.

The subcommittee, established on Jan. 10, is charged with investigating alleged abuse of federal authority, including collusion between federal agencies and social media platforms to suppress information contradicting official narratives on COVID-19 origins, policies, treatments and vaccines.

It also investigated the Jan. 6 hearings and the Warren Commission findings. On Wednesday, the subcommittee will hold a hearing on how the U.S. Department of Justice has become politicized and weaponized.

Asserting that "the gravity of censorship cannot be underestimated, especially considering the increasing state of American children's health," CHD's letter highlighted a number of critical data points and studies, including:

- Since the 1970s and particularly since the early 1990s, the number of children diagnosed with autism spectrum disorder has increased exponentially. Autism now affects 1 in 36 American children, up from 2-4 cases per 10,000 children in the 1970s (Lotter, 1966; Rutter, 2005; Treffert, 1970).
- A national study published in the journal of the American Medical Association (JAMA) in 2010 zeroed in on the dramatic increase in children's health over time. From 1988 to 2006, there was a doubling in prevalence of four types of chronic conditions (obesity, asthma, behavior/learning problems and "other" physical conditions), rising from 12.8% to 26.6% of American children and adolescents.
- A 2011 Academic Pediatrics study "estimated 43% of U.S. children (32 million) currently have at least 1 of 20 chronic health conditions assessed, increasing to 54.1% when overweight, obesity or being at risk for developmental delays are included."
- 1 in 6 American children ages 2-8 suffer from a developmental disorder, 1 in 10 from attention-deficit/hyperactivity disorder (ADHD), 1 in 12 from asthma, 1 in 13 from food allergies, and 1 in 285 children will be diagnosed with cancer before the age of 20.
- "In 2020-21, the number of students ages 3–21 who received special education and/or related services under the Individuals with Disabilities Education Act (Pub. L. 101-476) was 7.3 million, or approximated 15 percent of all public school students. Among students receiving special education and services, the most common category of disability was specific learning disabilities (31 percent)."

In addition to addressing social media censorship, "The Disinformation Dozen" report by the Center for Countering Digital Hate listing Kennedy and CHD and the various ongoing censorship lawsuits, Holland and Bono included a comprehensive report, "COVID-19 Oversight, Accountability and Justice," that "delves into the repercussions of the evolving landscape of censorship during the pandemic."

"With this report," wrote Holland and Bono, "we strive to emphasize the significance of open discourse during times of crisis, especially given that the Constitution was crafted during and for challenging periods."

The report, supported by 249 references, presents a "series of considerations" for Congress for preserving free speech during a pandemic and around vaccine-related matters in general. Some of the topics include:

- Lack of transparency, accountability, and vaccine safety at federal agencies.
- Regulatory capture by the pharmaceutical industry.
- Costs to children and young people.
- 1.5-million+ vaccine adverse events and deaths reported to the Vaccine Adverse Event Reporting System, or VAERS.
- Mandated lockdowns — a violation of informed consent and bodily autonomy
- Withholding early treatments and natural immunity.
- The World Health Organization and the proposed changes to International Health Regulations.

BREAKING "Sharing Is Caring"
WHAT WE KNOW ABOUT THE ARMED MAN ALLEGEDLY IMPERSONATING A U.S. MARSHAL AT RFK JR. CAMPAIGN EVENT"
1,490 provide details regarding the arrest at RFK's LA campaign event.'
Was the DEEP State, Globalist, and the CCP, sending RFK , Jr., a Message?
If you recall, earlier this year the "Biden regime rejected RFK's request for a Secret Service detail". Previously, I've reached out to White House Press Secretary Karine Jean-Pierre about this, but she refuses to respond. As of today, I've followed up again with the DEI hire.

"Mark Zuckerberg's Threads "censors COVID-related searches" to DISCONNECT people from knowledge"
Threads, the latest text-based social media platform made by tech giant Meta, is now stopping terms connected to the Wuhan coronavirus (COVID-19) and vaccines via its search engines.
The social media platform carried out its research search engine last week, only for users to be greeted with a blank screen and a pop-up linking to the Centers for Disease Control and Prevention (CDC) website. Searches for terms like "coronavirus" to "covid" or "long covid." Threads also blocked words like "vaccine," "vaccines," and "vaccination" in its search engine, alongside more explicit search queries.

BREAKING "Sharing Is Caring" "Accountability ???
"120,000 Children' DIED from 'covid vaxx' CDC ADMITS!"
https://www.bitchute.com/vi...
"CDC Admits ~120,000 Children "DIED SUDDENLY" after COVID-19 "Vaccine" Roll-out."
On June 17, 2022, the FDA authorized emergency use of the mRNA Covid vaccines from Moderna and Pfizer-BioNTech to include use in children down to 6 months of age. Turns out, it KILLED a lot of them.
Just over a year later, the report – which was quietly released by CDC and subsequently suppressed by the mainstream media – revealed that nearly half a million children and young adults have now died since the injections were approved for use on most children.
https://rmaks.ownd.org/inde...
Over 118,000 of those deaths are suspected to be DIRECTLY linked to the Covid vaccines' side effects.

Thank you CHD for ceaselessly providing the truth to one and all, not just politicians and courts of law, and according to no less than rave humanity. The money, the trillions, made from the sale of the vaccines to governments worldwide is being used (along with State Street's, BRICS's, the BMGF's, etc. already huge assets) for buying up private homes (you'll own nothing and be happy), developing smart, or rather hive, cities, the technological spying and tracking and the mental, emotions and behavioural, manipulation of populations worldwide. All leading up to the transhumanism of humanity for the total control of humans like insects in a hive or denizens in a computer game. In other words, all leading to paying for these grave and varied assaults against their freedom of choice, speech, mental and physical health, and their very lives, by the people who are the victims of the vaccine and other plandemic and political sovereignty. It's the destruction of the human spirit and body to be reengineered by these mad self-proclaimed NWO globalist elites as their, part biological part part machine, AI controlled slaves fulfilling their perverse, insatiable lust for wealth and dominance.

We desperately need laws forbidding Big Pharma executives from following the pipeline to the FDA and CDC. To forbid anyone from those organizations from having ANY ties to Big Pharma re stocks or other financial interest in drugs. Also Bill Gates and other One World Government people from ANY ties to health agencies.
